SUBJECT: BRENT HUMPHREY

Hi All:

A note to let everyone know that Brent Humphrey will be leaving his desk job at City Hall as of this week. Brent, who served as Director of Operations & Public Affairs during the initial six months of this government, is returning to his communications management consultancy and will continue on as a consultant to the Mayor's Office.

We'll miss having Brent around the office full time, but look forward to working with him often in the months and years ahead on special assignments.
